and fixes the military districts. The staff follows:

Colonel Stanley H. Ford, General Staff, chief of staff; Colonel W. A. Bethel, judge advocate generals department, judge advocate; Major C. F. Thompson, general staff (subject to approval of commanding general 5th George Area). Major N. N. Polk, field artillery, adjutant; Major W. C. Gullion, 20th Infantry, assistant adjutant in addition to his duties with militia bureau.

Volunteers to Disband LOGAN, W. Va., Sept. 3.—Prepara-ions for the disbandment of volunteer

LOGAN, W. Va., Sept. 3.—Preparations for the disbandment of volunteer forces which have been opposing the advance into Western Logan County of armed bands from the disturbed mining country to the east were being made here to-night, while a state of comparative quiet reigned in the troubled district following the arrival of detachments of United States troops.

Officers in command of reconnaissance parties returned to Logan with the information that Spruce Fork Ridge, where the opposing forces have faced each other for several days, was quiet, Mayor Thompson announced. He added that Federal troops which were sent forward this afternoon would relieve the volunteers at daybreak.

State Adjutant General John H. Charnock's report of the day's activities constituted an exception to the general trend of information. He announced that two men had been wounded slightly in fighting at Grooked Creek. In adjacent sections there was desultory firing, according to state and county authorities. There was also said to have been a repetition of firing across the Tug River from Kentucky, several miles from Williamson, Mingo County.

Captain Thomas M. Norton, of the state police, issued a statement contradicting reports that Captain J. R. Brockus, of the same organization, with a force of police and volunteers, had forced his way into the town of Blair. He said, however, that there had been some firing in the vicinity of the town. Logan civil authorities are investigating the reported shooting to-day of Carl McCoy, an employee, by Philip Glick, manager of a furniture store. It was said that the shooting was accidental. McCoy was hit in the stomach.

Three companies of the 40th Infantry, including a machine grue company.

ach.

Three companies of the 40th Infantry, including a machine gun company, under Colonel Shettleworth, arrived here this afternoon from Camp Knox, and after detraining moved to the east of Logan toward Spruce Ford Ridge.

Their exact destination was not made known, but it was pointed out that if it was the high ridge in the eastern part of Logan County they would be advancing toward the Federal troops who detrained at Madison early in the day and moved toward Blair, Jeffery and Clothier, thus homming in the armed bands from two sides.

State Police Also Under Way

State Police Also Under Way
About the time that the Federal,
troops reached here a detachment of
Logan County volunteers moved out to
reinforce the deputies and state police
in the mountains. The police, it was
stated, had left their post on the ridge
and, under command of Colonel Jackson Arnold and Captain J. R. Brockus,
were moving down the east slope
toward Sharples, which point was said
to have been occupied by Federal
troops from Madison earlier in the
day. State Police Also Under Way

day.

Lieutenant Sidney Smith, of the state militia, brought in the report that a company of Mingo militia and state policemen had reached Blair.

Colonel Eubanks, commanding the state and county forces in Logan County, announced at noon that reports reaching him from Spruce Fork Ridge said the only concentration of forces on the east side of the mountains of which he had any knowledge was at Blair.

The bodies of two men killed in the fighting on Blair Mountain yesterday were brought here to-day. They were members of the attacking forces, the authorities said, but their identity was not disclosed.

Firing was resumed a short time be-fore noon from a machine gun along Crooked Creek. The defenders said they had been unable to locate it.

No Need for Martial Law Now, Says Weeks

of War Weeks is convinced that peace will be restored in the disturbed areas very soon.

"As far as the War Department is informed" he said this afternoon, "everything is quiet in West Virginia and there are no basis for newspaper headlines. I am convinced that the tendency of the men is to return quietly to their homes, and I feel certain that they will."

So strong is Secretary Weeks in his belief that the use of Federal troops will not be required and that the necessity for proclaiming martial law in West Virginia does not exist that he canceled the orders which had been issued to General Shanks at Camp Dix to keep in readiness the 16th infantry for possible dispatch to West Virginia.

Surrender of Insurgents

Late this afternoon General Bandholtz's message said, "surrendered this afternoon at Sharples and Madison, turning in about eighty firearms. They were immediately sent out of the disturbed area to St. Albans by train."

Despit his optimism that the situation in West Virginia is rapidly clearing, Secretary Weeks did not accompany the President on his week-end trip of the Mayflower to-day. He had been included in the party, which departed this afternoon for a two days' cruise on the Potomac and Chesapeake Bay, but at the last minute he decided to remain in Washington to be prepared to authorize the issuance of the creaming in about 1,000 rounds of ammunition were obtained. These, with doon of the mountains earlied in the heavy tails and about 1,000 rounds of ammunition, were obtained. These, with doon other who came down from these forty-two rifes, ciptured in the day with the mountains earlied upon a special train and transported to a destination which was not we revealed by the authorities, but described as "away from the disturbed area "At Sharples, a statement was made to the military authorities, but described as "away from the disturbed area "At Sharples, a statement was made to the military authorities, but described in to-day's fring on Blair Mountain. He added that about eight of the heavy rain

whole conflict now." Continuing he said:

"The operators have refused to conform to the cutput of the mines to what has been and is the practice in every other coal field in the United States or in any other country. The universal practice outside West Virginia is to weigh coal by the ton as to the output of the men. Instead of this, in these mines they have mine cars which have a capacity of from two to five tons and they pay for the highest and largest quantity of coal in these cars. Each man receives \$1.40 per carload of five tons, fully 50 to 60 per cent leas than would be payment in wages under the tonnage system and the wage award by the Federal commission."

No Details Yet Known of Meeting Between Federal Troops and Miners

WILLIAMSON, W. Va., Sept. 3.—Firing from the Kentucky hills along the Tug River into West Virginia mining villages was resumed this morning, shortly after the withdrawal of the guard which Major Tom Davis, Governor Morgan's personal representative in Mingo County, had maintained during the night. No one was hurt, Major Davis said.

With the withdrawal of the state police from Mingo County to reinforce the "defense army" in Logan, Major Davis mustered into the state service a company of the new National Guard.

WASHINGTON, Sept. 3.—Investigation into the probable scope of government regulation of commercial aviation under proposed legislation has been begun by the Commerce Department, Secretary Hoover said to-day.

Government supervision of air traf-

Government supervision of air traffic along the lines of rail and water regulation was recommended, he said, by a committee of experts of the War, Navy and other departments to increase the safety and more efficient development of the new method of transportation.

tion.

Enactment of enabling legislation, Mr. Hoover indicated, probably would result in the creation of a bureau of aviation charged with the enforcement of the rules of air travel similarly to the activities of the Bureau of Navigation in connection with water carriers.

Chicago Man's Monopoly in Southern China Is Denied rom The Tribune's Washington Bureau

From The Tribune's Washington Bureau
WASHINGTON, Sept. 3.—Denial was
made here to-day by Commissioner Ma
Soo, of the government of Southern
China, that George H. Shank, Chicago
business man, has been granted a virtual monop-ly of Chinese industrial
concessions by President Sun Yat Sen.
The report from Chicago also said
Mr. Shank formerly was presiding officer of the consular court at Shanghai.
This, too, was denied by Commissioner
Ma. The contract is a preliminary
one, and is to be superseded by one
more binding later.
"Nothing approximating a monopoly
is ceded Mr. Shank under the agreement with President Sun Yat Sen," said
Commissioner Ma. "America is the
only nation to-day that can help in the
industrial development of China, and it
is to American business men we must

LONDON, Spet, 3.—The Mayor of the Borough of Poplar and sixteen members of the Borough Council, who have been arrested within the last three days, will hold a session of the council in Brixton prison to-morrow at parade time, when the prisoners are allowed on the parade grounds, to discuss taxes for the next quarter. In a message issued from the prison the Mayor said the council would refuse to levy rates until the government assumed the burden of maintaining the unemployed. The Mayor and Councillors are under arrest for refusing to levy taxes on the order of the London authorities and the courts, contending that on account of the heavy taxes the borough was assessing for the care of its unemployed it could levy no additional ones.

George Lansbury, editor of "The Daily Herald," the radical labor organ, and his son Edgar, both prominent members of the Poplar council, were arrested to-day, together with three other members, and lodged in Brixton the property of the prominent members of the Poplar council, were arrested to-day, together with three other members, and lodged in Brixton the prison the first of the house, the rampage with Pistol in Brooklyn
